DETAILED ACTION

Response to Arguments

Applicant's arguments with respect to the claims have been considered but are moot in view of the new ground(s) of rejection.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1 and 6-8 rejected under 35 U.S.C. 102(b) as being anticipated by Gheysen (US 5,353,846). Gheysen illustrates in Fig. 3 a jacquard device including two or more set of hooks with each set including complimentary hooks (29, 30) that operates in conjunction to a pulley 21 with complementary hooks (29,30) of one set of hooks operating in conjunction with one pulley 21. Gheysen illustrates a grid of 3 by 2 sets of pulleys with two complementary hooks operating each pulley. It is inherent that when the complementary hooks (29,30) of Gheysen are raised and lowered by knives 60, it will create a group of upper and lower pulleys as claimed. The device would be capable of having the upper row continuously as it could be left in that configuration.

As to claim 6, Gheysen illustrates (Fig. 3) a single element, knife 60, to take multiple sets of hook on selection.

As to claim 7, Gheysen discloses (Col. 1 line 43) that the jacquard is a three position loom.

As to claim 8, Gheysen discloses (Col. 1 line 6) that the device disclosed is for a jacquard machine (loom).

Allowable Subject Matter

Claims 2-5 are allowable.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
